

## **Burning Hearts of West Central Indiana Emmaus Board**

The following are comments from people who have been discipled using the LifeBuilders material through 222 Ministries.

"I have learned so much through one-on-one discipleship. I cannot imagine not being involved. The fellowship with my discipleship partner is very meaningful. I now have accountability that is helpful in my walk with the Lord. My faith is strengthened through our weekly study in the Word of God. It reminds me that nothing can separate us from the love of God."

"One-on-one discipleship is truly iron sharpening iron."

"One-on-one discipleship through 222 Ministries is unique. It is not fast food Christianity, it develops over a long period of time. Its flexibility is very important to me, because it allowed me to finish what I started."

"One-on-one discipleship builds my faith in Jesus. It grounds me in the truths of Scripture. I am now mentoring others in discipleship. It makes me feel alive to be a part of God's plan to make disciples. How many people accept Christ as Savior but have no one to disciple them? One-on-one discipleship is definitely an answer to this dilemma. I encourage all Christians to participate."
